

Liquor POS Solutions to Give Your Business Flexibility

BMC's liquor store POS software offers inventory tracking flexibility, gift basket creation, and compliant specials. Monitor performance, ensure compliance, and incentivize sales with integrated loyalty features. Enjoy back-office efficiency and nationwide support, including onsite and remote services through vendor partnerships.

Elevate Your Liquor POS System

Checkout & Payment

Our solution streamlines checkouts with barcode scanning. Automatically apply accurate pricing for single items, six-packs, or cases. Verify age, accept special orders, enforce regulations, and deploy tablet POS systems for customer assistance.

Inventory Management

Enhance visibility with our liquor store POS, aiding informed ordering decisions and real-time stock monitoring across all locations. Fintech integration facilitates ACH payments and inventory updates, while ESLs streamline pricing updates.

Loyalty & Engagement

Meet online demand with our liquor POS solutions, which integrate with top platforms like Drizly, CityHive, DoorDash, and Bottlekaps. Accept online orders for pickup or delivery, reserve inventory, and offer omnichannel loyalty rewards.

Security & Loss Prevention

Minimize losses with our security solutions that track employee activities and enable quick audits. Integrated video helps trace losses for corrective action, ensuring procedure adherence and accurate pricing.
